# Introduction

This Budget Book shows how much the City Council has budgeted to spend on delivering services to citizens, service users and council house tenants for the financial year 2012/13. This includes both revenue spending and the capital investment programme. Revenue budget summaries are included for each of the council's services taking into account the demographic changes, other service pressures and savings that are required to deliver a balanced and affordable budget.

The council's medium term financial strategy (MTFS), published within the Budget Report to Council, is regularly reviewed and sets out the continuing financial challenges faced by the council over the next 3 years including potential savings requirements of over £54 million over the period needed to meet demographic and other cost pressures and reducing central government financial support. The MTFS also sets out the assumptions that underpin resource and savings projections over the next few years, including pay and general inflation assumptions, government formula grant support and council tax increases.

The government's final settlement for local authority funding in 2012/13 was announced on 31 January 2012. This showed that the council will continue to be at the grant floor for the final year of the current system with funding 'floor' protection of £11m. For 2012/13, floor support is related to how dependent an authority is on government grants with the more reliant authorities receiving greater floor support. The council has a slightly lower than average reliance on government grants so has been placed in a lower support band with a reduction of 9.4% compared to a national average reduction of 7.6% for unitary authorities.

Against this backdrop of reducing overall resources, the council continues to focus on improving outcomes by strengthening the commissioning of services, continuing to implement its value for money and efficiency savings programmes and working ever more closely with other public services and the community & voluntary sector to maximise investment across services.

The approved 2012/13 budget results in a total gross budget of approximately £709m covering the schools budget (met by the Dedicated Schools Grant and the Pupil Premium), housing and council tax benefit transfer payments (met by government grant) and general services. This excludes the Housing Revenue Account (Council Housing) which is shown separately and where expenditure is funded primarily from housing rents. General Fund services are funded approximately 30% by council tax, 30% by fees and charges and 40% by Government grants. The 2012/13 General Fund budget also includes appropriate provisions for pay and price increases as well as a risk provision of £1m to mitigate potential financial risks relating to the achievement of substantial and often complex savings proposals.

Given the scale of savings requirements in 2012/13, totalling over £16.1m, this year's Budget Book includes more detailed information about both the service pressure funding and savings proposals relating to each service area.

Catherine Vaughan Director of Finance

## **Revenue Budget 2012/13 and General Fund Summary**

Table 1, below, sets out the changes from 2011/12 and how the council's £222.954m revenue budget is funded.

| How the council's budget requirement has changed |                |          |  |  |  |
|--------------------------------------------------|----------------|----------|--|--|--|
|                                                  | Budget 2012-13 |          |  |  |  |

#### **Commissioner - Children, Youth & Families**

- Strategic planning and joint commissioning of children's services including community health services for children through S75 Partnership Agreements with the local health economy.
- Delivery of the Children's Services Value for Money Programme and management of Information Systems and performance reporting.
- Commissioning and procurement of residential, fostering, specialist disability and secure accommodation placements provided by external agencies.

#### **Commissioner – Learning & Partnership**

- Leadership of the Education function.
- School Advisory Services.
- Home to School Transport.
- Integrated Child Development and Disability Services.
- Healthy schools/healthy children support services.
- Additional out of school learning activities.

#### **Delivery Unit Children & Families**

- Sure Start provides integrated early years services, including health visitors in children's centres and ensures the city has sufficient, good quality childcare.
- The school and community support team promotes inclusion, health and wellbeing, improving educational attendance and attainment for all children and young people.
- Youth support services help young people achieve their best life chances and outcomes according to the Every Child Matters agenda. (13-19 or 13-25 with SEN).
- The Youth Offending Service (YOS) is a multi agency team working with young offenders from the age of 10 17 and those on the edge of offending behaviour to prevent offending.
- Integrated Child Development and Disability provides a range of health and social care services to meet the needs of children with a disability and their families and carers.
- Social work provides statutory services and assessments for children in need, child protection services and support for children in need and children in care.
- The Fostering & Adoption Service recruits, trains, supports and supervises foster carers and adopters. The service is also responsible for finding safe and suitable placements for children.

## ADULT SOCIAL CARE

## **Services Provided**

### **Commissioner - People**

The Adult Social Care Commissioners and commissioning support team cover (including allocation of resources to or major procurement of) over 90% of adult social care services which are delivered by the private and voluntary sector in the city. The commissioners work jointly with NHS colleagues to ensure a consistent and joined up approach to services. The Commissioning Support Team deal with the social care performance, quality and service development areas as well as supporting the commissioners.

#### **Delivery Unit Adults Assessment**

- Access, Assessment and Review Services These services provide the statutory assessment and review functions for Adult Social Care. As a result of the assessment, the service has a duty to meet assessed needs within Fair Access to Care (FACS) criteria. The service also undertakes the Council's lead responsibility for Safeguarding Adults at Risk.
- Community Care Statutory services arranged through the independent sector to around 3,000 vulnerable older people, people with mental ill health, younger disabled adults and those with drug and alcohol misuse issues. The authority has a duty under the NHS and Community Care Act (1990) to assess needs and provide services to meet those assessed needs.

## **Delivery Unit Adults Provider**

- Care and support services for older people, older people with mental health needs and people with a learning disability which enable people to continue to live independently in their own home or within our specialist accommodation.
- Services include Residential and Supported living, Day Services and Day Options, Carelink Plus community alarms and tele-care services, respite and short term breaks to support carers, support to improve independence following illness or crisis within our short term beds services, Community Support, support for families providing homes for disabled people (Shared Lives), Independence at Home - short term homecare services to promote independence and support for people leaving hospital to return home, and provision of care within extra care housing facilities.
- Support for disabled people to gain work experience, training and volunteering experience, and to obtain and maintain employment. Castleham Supported Business (able and willing) which directly employs disabled people in printing and embroidery production.

## **CITY REGULATION & INFRASTRUCTURE**

## **Services Provided**

### **Commissioner - City Regulation & Infrastructure**

Strategic Planning and Commissioning (incl. resource allocation and Major Procurement) of Transport, Highways, Parking Management, Waste, Recycling, Parks, City Planning and Regulation of City Services, Economic Development and Regeneration.

#### **Delivery Unit City Infrastructure**

- City Clean This division is responsible for the development and delivery of sustainable street cleansing, recycling and refuse services to all residents in the city.
- City Parks This division manages some 1,100 hectares of parks and green spaces ranging from urban city parks to chalk Downland, and maintains over 12,000 street trees, issues tree preservation orders and manages allotments.
- Parking Services The service manages on-street parking and enforcement, bus lane enforcement, the management of parking permits, payment handling and parking appeals. There is also the provision of a number of off-street car parks, parking equipment and facilities maintenance.
- Highways Maintenance This division manages the maintenance of the 650km of highways, coordinates works on the highways, maintains 19,000 street lights and provides the winter gritting services.

#### **Delivery Unit Planning & Public Protection**

- Planning This division deals with over 3,000 planning applications each year and over 2,500 building regulations applications. It is also responsible for developing the spatial planning framework for the city and contributing to regional planning. The division leads on urban design and conservation and contributes to the development of the city council's portfolio of major projects.
- Public Protection environmental health, licensing, trading standards, emergency planning and business continuity management services.
- Economic Development works to create the right environment in which businesses can thrive. By promoting and helping to generate commercial space, provide business advice signposting, facilitate skills and career development and support for inward investment the team aims to sustain and grow the business base and increase the range of quality employment opportunities available for residents. Working with a range of public, private and voluntary sector partners the team works collaboratively to develop joint activities designed to maximise resources, monitor and analyse economic conditions, secure regeneration investment to the city and promote sustainable economic development.

#### **Major Projects**

• The Major Projects & Regeneration Team manage, together with public and private sector partners, the implementation of key regeneration and infrastructure projects that contribute to the transformation of the city for all, including the development of key employment sites.

## **COMMUNITIES**

## **Services Provided**

## **Commissioner - Communities & Equalities**

Communities & Equalities - responsible for tackling inequality, promoting equality, the provision of grants to the voluntary sector and community development and engagement.

#### **Community Safety**

Community Safety Team & Partnership and Drug and Alcohol Action Team - Delivering services and leading partnership work to reduce crime in ten priority crime areas, fear of crime, anti-social behaviour, and drug and alcohol dependency.

#### **Commissioner – Sports & Leisure**

 Includes the commissioning of all sports facilities including contracts with Freedom Leisure and MyTime Active, sports development, seafront, venues and outdoor events.

### **Commissioner – Culture**

- Includes the commissioning of all arts and cultural activity including the contract with the Brighton Dome and Festival, tourism and visitor services, heritage and the work of the international team.
- International Team supports the council and external partners to make successful international funding bids, participates in international networks and partnerships, and is responsible for delivery of the council's international strategy.

## Delivery Unit Tourism & Leisure

• Support the visitor economy through the creation of high quality events and services; care for the city's rich historic assets and improve the life chances and well being of local people through culture, sport and education. Sustain employment in the local area by promoting the city to visitors and programming and producing events and conferences. Supporting the local economy through the development of the city's position as a premier conference, entertainment and exhibition destination through the effective management, promotion and delivery of a balanced programme at the Brighton Centre and Hove Centre. The strategic development and management of the Royal Pavilion, Museums, Art Galleries and Archives. The provision of high quality and relevant cultural and learning services for the local community as well as national and international visitors. The provision of a wide range of sports development and other opportunities to undertake physical activities which improve the well being of residents. The management of the 12km seafront and the city's extensive annual programme of outdoor events.

## **RESOURCES & FINANCE**

## Services Provided

## **Delivery Unit City Services**

- Leads on improving the customer experience and the wider welfare reform programme.
- Revenues & Benefits Collection of Council Tax and National Non Domestic Rates (NNDR), Payment of Housing and Council Tax Benefit (including Investigations), Bailiffs.
- Life Events Bereavement Services, Registrars, Land Charges & Electoral Services.
- Customer Services Front line services including main switchboard and reception at main Civic buildings and Customer Service Advisors at the Customer Service Centre.
- Libraries & Information Services promote reading and enable lifelong learning through free access for everyone to books and information and with wide ranging cultural, historical and recreational materials in a variety of media.

### Resources

- Resources is made up of a number of units that provide specialist professional services to the organisation as follows:
- Legal & Democratic Services facilitates the achievement of the council's objectives by managing and supporting the democratic decision making process and enabling Member development, ensuring legality and probity in the discharge of council functions, maintaining high standards of conduct among Members and Officers and ensuring an effective overview and scrutiny function.
- Human Resources & Organisational Development supports and develops managers to lead people effectively and develops policy frameworks and approaches around all aspects of employment. It is also responsible for supporting achievement of the Council's improvement programme through performance management, learning and development. The service has responsibility for facilitating a safe and healthy workplace where people are properly rewarded, respected, motivated and developed.
- Property & Design provides a strategic lead and asset management on the council's property portfolio. Manages and maintains the commercial and agricultural portfolios, corporate management and maintenance of civic and non-housing operational buildings, including schools, adult social care and environment buildings. The City Architect offers design and general property advice through multi-disciplinary professional teams: architecture and design, building maintenance, facilities management, estate management, corporate asset management, building services and energy management.
- ICT provides internal support related to Information Assets, the applications and systems on which most functions of the council rely, and the underlying technical infrastructure which allows services to communicate, collaborate and engage with each other, external partners and their customers. ICT provides a full technical design and support function which is adaptable and responsive to the many varied needs of the organisation, exploiting technology to support excellent service delivery.
- Communications The purpose of communications is to promote the reputation of Brighton & Hove City Council. The goal is to connect the council with the city and its citizens through better engagement, closer collaboration about service design and delivery, and involving people in local decision making. In doing so, we aim to create a 'Council the City Deserves'.
- Policy, Performance & Analysis ensures the council understands and responds appropriately to changes in national legislation. Provides information and data to ensure the council is targeting its resources in the areas of greatest priority or need. Helps to performance manage the council and public sector providers to ensure public services are making a difference. The Team has responsibility in regard to work on sustainability, managing the council's complaints and supports key projects aimed at improving the efficiency and effectiveness of the authority. This team supports officers, councillors and partners across the city to deliver better services.

#### Finance

- The Director of Finance has a statutory responsibility under section 151 of the Local Government Act 1972 for the financial administration of the council's affairs. The Director discharges these responsibilities through various units:
- Financial Services produces statutory financial statements and maintains core financial systems on behalf of the council and provides financial management support and advice to services, schools, partnerships, and the executive together with a central debtors (accounts receivable) and creditors (accounts payable) function. Financial Services are also provided under contract to South Downs National Park Authority.
- Strategic Finance & Procurement includes Medium Term, Revenue and Capital budget planning and support to the annual budget setting process, Treasury (borrowing and investments) and Insurance Management, Concessionary Fares reimbursement and financial technical support to some citywide and partnership projects, including the Joint Integrated Waste Management Contract. Corporate Procurement provides support and advice to services for compliance with the corporate procurement framework, Contract Standing Orders and EU Procurement Directives. It also provides training and advice for local small businesses and the community and voluntary sector. The section leads a 'category management' approach whereby procurement across significant spending categories is managed as a whole rather than as separate procurement processes within services.
- Audit & Business Risk provides internal audit, risk management and corporate counter fraud services. The service is responsible for reviewing and providing assurance over corporate governance arrangements, internal controls and the adequacy of risk management and counter fraud arrangements. Also provided is a fraud intelligence service to UK local authorities (NAFN).

#### **Corporate Budgets**

This area includes the Financing Costs of the Council's debt, concessionary fares and the costs of Corporate Management. This budget also includes income from the Council Tax freeze grant and savings from some of the council's new value for money initiatives which will be allocated across services as and when initiatives are finalised and implemented.

# **CAPITAL PROGRAMME** 2012/13 – 2014/15

## Capital Programme 2012/13 to 2014/15

The Council prepares a capital programme over a three-year period setting out the Council's investment plans to support service delivery in key priority areas.

In 2012/13 the Council is planning to spend £98.166million, the majority of this expenditure is for new schemes starting in 2012/13 and the remainder is to complete existing committed schemes. The capital programme is set in the context of the Medium Term Financial Strategy (MTFS). The MTFS covers the period 2011-2015 and is part of the Council's Corporate Plan, which is available on the Council's website.

The programme includes £25.367m total investments within education. This investment includes modernisation to facilities in schools, providing or removing pupil places in accordance with demand and improving access to buildings and the curriculum, as well as provision for improvements for the council run schools and children's social services buildings across the city. Also included is £12.514 million for Portslade Community Academy, £5.101 million for education capital maintenance and £6.690 million for new pupil places.

There is £11.837m included for road maintenance, transport schemes, parking and street lighting in the city including £4.251m investment in improvements to city car parks.

There is £40.081m investment in housing. This includes expenditure on the council's own housing stock, providing housing in partnership with housing associations, and providing grants for improvements to private sector housing.

The programme includes funding for improvements to other council owned property such as libraries, community and leisure centres, farmland, social care facilities and civic buildings. Investment is also included for a rolling programme of works to address requirements under the Disability Discrimination Act at public access buildings.

The funding to support the capital programme comes from a number of sources. This includes capital receipts from the sale of surplus assets, borrowing, grants from central government and other external contributions, as well as some funding from the revenue budget. The funding of the capital programme is dependent upon the achievement of capital receipts during the year associated with the disposal of surplus buildings some of which are earmarked for direct investment into specific projects. The Council has been successful in attracting new grants with partners to generate other resources to enable a programme of over £98 million.

The borrowing attracts no government support and is undertaken within strict financial limits determined by the Council with affordability, sustainability and prudence in mind. Borrowing is commonly used to purchase assets that were previously leased or financed or is undertaken in schemes which generate revenue savings.

The Council endeavours to maximise grant and other external contributions towards the financing of its capital programme. These come largely in the form of government grants from central government, towards national, regional and local priorities. The Council will bid for specific funding of projects as well as securing contributions from developers to ensure that local communities better share in the benefits of new development. This Council also works closely with our health partners to maximise the effectiveness of our capital investment in the area.

## Capital Investment Programme 2012/13 to 2014/15

# **Appendix – Detailed Budget Information**

The information below provides an alternative, more detailed analysis of the Council's 2012/13 Revenue Budget. The budget is analysed at 'Third Tier Service' level which generally groups services under responsible senior managers and further summarises these service areas under the relevant Commissioning, Delivery, Resources and Finance Units.

## **General Fund**

## GLOSSARY

### **Block Allocation**

This is the financial limit for each service units budget excluding charges for support services and capital financing.

#### **Budget Requirement**

The council's total General Fund net expenditure, including amounts added to or taken away from balances, which has to be met from Formula Grant and Council Tax.

#### Capital Expenditure

This is expenditure on the acquisition of a fixed asset or expenditure that adds value to, and not merely maintains, the value of an existing asset.

#### Capital Financing Charges

A notional charge to service revenue accounts consisting of depreciation that measures the cost or revalued amount of the benefits of fixed assets consumed during the year.

#### **Collection Fund**

This is the fund into which council taxes are paid, and from which payments are made to the general fund of the council and to Sussex Police Authority and East Sussex Fire Authority. NNDR collected by the council is also paid into the fund before being passed on to central government for re-distribution to local authorities.

#### Contingency

The council's contingency budget includes provision for costs which are likely to occur but for which the estimated cost cannot be adequately foreseen at the time of setting the budget.

#### Corporate and Democratic Core

The corporate and democratic core comprises all activities that local authorities engage in specifically because they are elected, multipurpose authorities. Costs include Members' Allowances. These costs are not therefore apportioned to services.

## **Council Tax**

The Local Government Finance Act 1992 replaced the community charge with the council tax with effect from 1 April 1993. The tax includes a property and personal element, each household receiving a single bill based on the value of the property and the number of adults living in it. Each property is placed into one of eight broad tax bands based on property values as at 1 April 1991.

#### **Council Tax Freeze Grant**

The Government has given a financial incentive to councils worth the equivalent to 2.5% council tax income to deliver at least a Council Tax freeze through this grant.

#### **Dedicated Schools Grant**

The Dedicated Schools Grant is payable to local authorities by the Department for Children, Schools & Families under Section 14 of the Education Act 2002. It is a ring fenced specific grant and must be used in support of the Schools Budget as defined in the School Finance (England) Regulations 2008. It can be used for no other purpose.

### Early Intervention Grant

A new single grant formed from a number of previous specific grants for early years for example Sure Start.

#### Formula Grant

This is the main general grant from Central Government, it is made up of 2 elements: Revenue Support Grant and redistributed National Non-Domestic Rates.

#### **General Fund**

This is the main revenue fund of the council. The day-to-day transactions are conducted through this fund, other than sums to be paid into the Collection Fund or a trust fund.

#### Housing Revenue Account (HRA)

The Local Government and Housing Act 1989 requires each local housing authority to keep a Housing Revenue Account within its General Fund to account for income and expenditure on council houses and flats.

#### **Inflation**

This refers to variations in expenditure or income resulting from changes in prices.

#### Levies

Certain organisations that span the administrative areas of a number of billing authorities are allowed to make a charge or levy on the billing authorities. The two organisations that levy the city council are the Environment Agency and Sussex Inshore Fisheries and & Conservation Area.

#### National Non-Domestic Rates (NNDR)

A flat rate in the pound set by Central Government and levied on businesses in the City. NNDR is collected by the council and then passed on to central government who re-distribute the income to local authorities as part of the formula grant

#### Non-Distributed Costs

These are overheads for which no user now benefits and should not be apportioned to services. For example, past service costs resulting from improvements to retirement benefits.

#### **Precept**

This is the amount of Council Tax income police authorities, fire authorities and parish councils need to provide their services. The council collects council tax income on behalf of Sussex Police Authority, East Sussex Fire Authority and Rottingdean Parish Council.

#### **Relative Needs Formula (RNF)**

From 2006/07, the government introduced a new formula-based mechanism to distribute general funding amongst local authorities. The RNF is based on formulae that include information on the population, social structure and other characteristics of each authority. This formula determines how much formula grant we receive.

#### **Revenue Support Grant**

This is the Central Government grant giving general support for council services and forms part of the formula grant.

#### **Ring Fencing**

This term is used for the Government controls to prevent discretionary transfers between the Housing Revenue Account and other accounts of the General Fund from 1 April 1990.

## Section 75 Partnership

This refers to agreements, regarding the pooling of resources, made under Section 75 of the Health Act 2006 between the City Council and National Health Service partners. The City Council has in place Section 75 agreements for the provision of children's services and adult social care services.

#### **Specific Grants**

These grants are received from Central Government and relate to an individual service, for example, housing benefits and early years intervention, as opposed to the general formula grant.
